# Saron Mulugeta

Aspiring Frontend Developer | Computer Science Student

Addis Ababa, Ethiopia • sarinanani1998@gmail.com
LinkedIn • GitHub • Portfolio

## PROFESSIONAL SUMMARY

Third-year Computer Science student at St. Mary's University with a growing foundation in frontend development and programming. Building practical experience through a CodeAlpha frontend development internship and independent projects using HTML, CSS, and JavaScript. Interested in creating responsive, user-friendly web experiences and continuing to develop technical and problem-solving skills.

## EDUCATION

**St. Mary's University**
Computer Science — Third-year student | Expected graduation: 2028

## INTERNSHIP & PROFESSIONAL DEVELOPMENT

**Frontend Development Intern — CodeAlpha**
Project-based internship experience focused on practicing frontend development through hands-on web projects.

- Built a responsive Image Gallery using HTML, CSS, and JavaScript.
- Developed an interactive Calculator using frontend web technologies.
- Created a personal portfolio website to present skills and projects.

**FreeCodeCamp — Currently Learning**
Continuing self-paced study in web development. Coursework and certificates are in progress.

## PROJECTS

**Personal Portfolio** — Responsive website presenting profile, skills, interests, and projects. [GitHub repository]

**Image Gallery** — Interactive gallery project focused on responsive layout and image browsing. [GitHub repository]

**Calculator** — Interactive calculator project built to practice JavaScript logic and interface design. [GitHub repository]

## TECHNICAL SKILLS

**Web:** HTML, CSS, JavaScript
**Programming:** Python, C++, Java
**Other:** SQL, Data Structures, responsive web design

## INTERESTS

Frontend development, software development, Artificial Intelligence, Machine Learning, Data Science, and Data Analytics.
